Call of the Aethyr – ZEN

9:49 pm PDT

ZEN, ZEN...

I see a creature like an alligator, I see its eyes first and then it moves away, and it turns into some type of bug that appears to be floating on a lily pad floating down a stream. Down the stream, there is a small falls, and there is a pool, the water pushes over the sides and continues down, its in a gully or ditch as it flows down further, As I look beyond, I also see a large river below, with another water fall coming into it, I am now below, on that larger river, there is rushing water, there was a large pool of water when I first saw it. There appears to be water going in a circular (motion), almost as in a whirlpool, Cool..., I look down and there is a small piece of land and from the center emanates a tube of light, if you will, looking into it, I am pushed upwards and I am (now) in Space coming out of an eye, a rather large transparent eye, that was at first was like a universe,

I look in Space and I see two forces, almost like two tunnels coming in, of light and energy, into the darkness of like a black sun, or planet, the planet is void of color except for blackness, there is a shimmer of light around its edges

All of a sudden it changes into an eye that opens up, and then the eyelid closes and it becomes blackness again, the eye opens up and becomes that of like an eagle or bird, and the head of that bird moves away.

I now see like a swan, swimming, it looked like in white water that fell away directly down and then became swimming in the blackness of Space, along the same plane as the water, I can see the water as it moves down hundreds of feet, at a 90 degree angle from the original water way,

I see a face of a man with a beard, as it rushes away, it was very transparent in the blackness of Space, as it flew away there were rings around it, almost as if (it was in) a wormhole.

Once again I am in Space, I saw two hands coming at me, just the hands, the arms are of blackness, they almost appear to be in handcuffs, the hands are directly in front of me, they appear to be resting on a piece of wood, with handcuffs attached on top, I go around to the other side of the wood and realize that they are my hands that are shackled. The hands are pulled back, the body, the other body of the person rest their elbows on the wooden wood of the shackles as is the wrist were broken

What is your name? Tell me that I might hear it clearly

“I am of those that bind”

But you yourself were bound. Why were you bound?

“I was bound to carry the word to you”

What is this word you were bound for, so that you may carry it directly to me?

“Oin-Na-Pa-Ta”

What is the meaning of this word, Oin-Na-Pa-Ta

Speak clearly that I might hear you

“Glory” but the word Power underlining his speech

This word that you have given me, how might I use it to benefit myself? What is it used for?

“It is the word that will carry you on”

This word that will carry me on, where will it carry me on too? What is the destination this word will lead me to?

“It is past the 9th”

When you say past the 9th, are you referring to the 9th Aethyr, as we number them?

“Yes”

This word, you say I will need to get past the 9th Aethyr?

“Yes”

What barrier.., What will stop me without this word, passing beyond the 9th Aethyr onto the 8th?

“The rise of the Star”

To what star that rises, How will this star stop me from proceeding on (to the 8th Aethyr)?

“The star will take you other ways”

Going other ways with this star, is that not the correct path?

“No, do not go with the star”

There is a being there called T--R, (my HGA) that I am to meet in the 9th, is this the star that you are referring to?

“Yes”

T--R is actually the angel of my being, why would I not follow T--R?

“He will carry you forward”

Is not forward the direction that I wish to go?

“No”

The direction forward, will that not lead me to the 8th Aethyr?

Answer so that I might hear you properly

”Yes”

So T--R will lead me forward to the 8th Aethyr, but you are telling me that I need this word to pass into the 8th Aethyr, is that correct?

“Yes”

You have also told me not to follow the rising star, which has been identified as T--R, because he will lead me to the 8th Aethyr

“Yes”

What is the difference between the pathways that T--R might lead me to the 8th Aethyr, verses using the word you have given me to pass to the 8th Aethyr?

“There is not a difference”

Please explain yourself. Talk clearly that I might hear you.

If there is no difference between me going onto the 8th Aethyr with T--R or using your word of power, why have you told me not to follow the rising star of T--R?

He does not answer

“T--R will carry you, the word of power will not”

Why would it not be beneficial to let the angel of my being carry me forward?

Answer me that.

“The angel carries you not”

Should I not put my trust in the angel associated with my being, called T--R?

”Yes”

But you are telling me differently, that I should not follow him, the rising star in the 9th, that I should use this word that you have brought to me, so as not to be carried upon the rising star, is that correct? Answer me, Is that correct?

“Yes”

What is the purpose of this word, other then to pull me away from the rising star of T--R, the angel associated with my being?

Answer me so that I might hear you

“It is not to ask”

But I did ask, Answer me!

He does not answer

I am GOD, the same your GOD, You will answer me!

“The word is designed to confuse (you)”

So it is your job to confuse me with this word that you have brought?

“Yes”

And who are those that sent you with this word?

“They are the others”

What type of beings are these others? Are they the same as your self?

“Yes”

They are the same as your self. What type of beings are they?

“They are the Sooth-Sayers”

What type of beings are these Sooth-Sayers? Answer me so that I might hear you legibly

His voice is fading away

Very well then be gone, you have not served me well, I will keep your word of power and follow my own path

I looked at an eye that became like a black dome with a small round something in front of it, it has turned back into an eye with the skin of black for the eyelids, I see water over flowing the edge of a rocky face, forming a small waterfall down, as I am floating or flying backwards away from it,

I see an outcropping, triangular in shape, it appears to have an opening, an arched doorway that goes in, I fly toward it and float over the top of it, I was able to see in, there was fire and light within, and a living space, tables and chairs and such,

I am looking up at the sky, there are clouds around an area of open sky that is the blue of the setting sun or the rising sun, there appeared (something) like a tornado coming up, I believe that I am over the clouds now, (the tornado) coming up out of the clouds and ending in a platform that was almost lotus shaped on the edges,

I am now above what appears to be a city, Arched building with a domed top almost appeared to have a dolls face on it, the whole building was as a porcelain doll from the chest on up, I see a face, like (it was wearing)black sunglasses, where the sunglasses would be is nothing but blackness, the tip of the nose and mouth are outlined and (they) are white

What is your name? Speak so that I might hear you. What is your name?

“I am Za-Ca-Rune” he says

Za-Ca-Rune, what are your attributes here in this 18th Aethyr of Zen?

“I am that which carries the word”

And what word do you carry?

“I carry the word Oen” or ON

What is the meaning of this word ON?

“It is the meaning of life”

Could you please explain further, the meaning of this word ON, and how it reflects upon life?

“It carries the principle of formation”

“It is of that which becomes”

“It carries the seeds of creation”

“It is All in one”

“It carries the spark of life”

“It is nothing but the truth”

“It controls the beings of that which is”

“It is All”

This word of ON contains two letters, to my knowledge, could you explain what each letter means, could you start with the O?

“The O represents the fertility side of life”

“It carries the seed” as in it is the carrier

“It is that which nourishes and bears the fruits of life”

These aspects are very feminine in my world, is the first letter O in ON feminine?

“Yes”

The second letter N, could you in turn tell me what its attributes are?

“N is the spirit of life”

“N carries the energies that propel forward”

“N is the nature of things”

“N is the deliverer of life”

“N carries the seed”

Does that mean that the seed comes from the N?

“Yes”

“N carries the seed to the O”

Thank you for your explanation for the word that you carry

Do you have any words of wisdom for me?

“Yes”

“Control that which cannot be controlled”

“Remember those that are, are not”

“Carry within you the seed of ON”

“Know yourself and know ON”

“Carry ON” a play on words

Thank you for your time sir, are there any visions within this 18th Aethyr of ZEN, that you believe that I should see that would benefit me? And if so, could you please take me there?

I am in Space, I looked up and saw what looked like a jellyfish, kind of hardened, perhaps metal, kind of a mound that turned into a crown, four sided coming up and meeting in the center, and it zoomed away and faded back into Space. There is a mist or energy wave coming through Space, up on the front of it is a face, first a man then of a woman,

What is your name?

“I am ZyRE”

The face solidifies and looked like the face of Nefertiti

ZyRE, what is your purpose here in this 18th Aethyr of ZEN?

“It is to push the winds of time”

What other attributes do you have here?

“And I carry the folly”

What do you mean by “I carry the folly”?

“I am the humor, and the joy”

What is your job here within this Aethyr? That you carry the humor and the joy, how do you apply this?

“I blow through the men of time”

When you say men, is that specific to the male gender? Or is that of all mankind?

“It is to all”

Do you have any words of wisdom for me, within this Aethyr, the might benefit me?

“Yes”

“Carry yourself not too seriously”

“The folly is not of fun or humor”

“Know that nothing matters”

“That all is at fault”

“All is not to be taken seriously”

“All is nothing but the whims of man” as in mankind

“Cherish the fallen with song”

“They bear not the fruits of labor”

“They no longer carry the pain of man”

“They are free”

“Know that those that toil hard will not know the joy of life”

“They are not all right”

Do you have any messages specifically for me?

“Yes”

“Jump with joy and sing your song”

“Know that all is well”

She says “No more” as in no more questions

Thank you for your time ZyER, and thank you for your advice

I am looking up at Space, there is mist around me, above me in Space is opened from this mist, a figure is pulled towards me, its mass as if of the stars, I let him pass, I see a spinning thing below me, it transforms into almost like a jet and flies away, I see the closing of a chest or a casket, I open it to see what is inside, it appears to be a long metal bar and on the end is a larger piece of round metal, a face appears, it does not look happy to see me,

This time the visions are moving around

I will pull myself back into my body and remove myself from these visions

I am back

License to Depart
