Call of the Aethyr – RII

I had the same visions (as before) or flowing down an organic tube, within a body,
Came to a creek/river that had an ape-ish type man next to it.

Which type man?

Ape-ish

I am going to go back to him and talk to him, if he talks.

I am seeing like a ghost, shadow shape of dinosaurs.

I am now near a forest, walking down a pathway.

Look likes a wooden pathway, (there are) boards going across like a deck

There is a white (stucco type) building, with wood over the windows

(I see a) door, above it is a round glob. (The globe is) supported by two snakes of metalwork

Open the door, it's a room with stepped chairs going up each side (stadium seating)

(I can see) down the center (of the room)

There are archways (in the hall) that are square on top.

I saw an image of a man in a uniform but he wasn't really quit there (ghostlike)

There's a soldier man?

Yeah, maybe like a guard in a fluffy uniform

What does the room look like again?

I passed the room with the seating in it, I was in the hallway with that guy (the guard)

What does the hallway look like?

Lots of supporting arches, two beams going up (on each side) and a beam going across

What kind of material are they made out of?

Wood

What color?

Dark wood finish, with white walls

And then there is a hallway now that is covered in darkness (shadow)

That's probably where we need to go, let's see...

I made it through that

Where are you now?

It looks like back alley with stone ground, pathway , lots of different pathways leading off from it.

OK are you wearing your cloak?

Not yet but I will put that on, as well as my chalice.

How has the vision changed?

Out by a river seam to have a crocodile in it

I am now flying overhead above the forest I see the river.

There seems to be a bridge over the river

Can you cross the river?

I am actually flying above it

I get down. I see an image of a woman perhaps making or selling bread , black robe (hair) braids down her sides

She walked away as I walked up to her

What can you see about the bread?

I am beyond that, I am at a waterfall with skeletons leaning against (the rock) so that the water a flowing (over them)

I am getting a lot of human type figures that are not alive, like sculptures and statures ghost images and skeletons, wooden statures

What would it take to solidify those images?

I need to drink some water from my chalice

I go back to the river

Now what is happening?

I drink the water, I feel it going through my body.

I see an old man, squatted down, white beard, no shirt, kind of primitive looking

Can you speak to him?

I am seeing a small clearing, with four other figures around a central figure.

It all seems rather primitive (culture)

Seeing like an alter with a chalice on it

I asked who are you and the response was

"I am the one that cannot be seen"

But you can see him?

No

How can he be seen?

I asked him why we can't see him and he says
"the air (Ayr?) is of me"

I asked how may I see him?
"you may drink from my cup"

Have you drank from the cup?

Not yet, I was going to look in the cup first
It appears to be a black swirling liquid, (I take a drink)
It's kind of a thick, syrupy, dirt tasting (drink)

What happens?

I find myself under the water looking up
I am in top of the water, I will see if I can get back to that alter.
I now appear to be in a room with bright red drapes on the walls.
There is a big mirror

What color are the drapes?

Red, velvety drapes

What else is in the room?

I am no longer in the room

Where are you now?

I am out on the water at night perhaps an ocean
There are a few stars in the sky (otherwise) overcast

You seem to be bouncing around a lot?

Yes

Anything I can do to help stabilize that?

Let's see if I can get back to one of the places I have been

I simply stated **where are you?**

"I am here"

Show yourself

I saw several different mixing images of like a man

Spirit by the name of the same god that which you show reverence and obedience to, which we are also worshippers of the highest, we request you to form a solid shape such that we can interact with you in a clear and meaningful manner

Now what is happening?

I am still trying to get him to form on shape

Spirit, our seer has even consumed the beverage you have told him to consume, become visible and assume a single shape. Appear friendly and ** before us

I see a figure in a black robe with his hood (up)

It is hard to see his features

Identify yourself spirit

"He is of the air and of the sea"

By what name do you go by?

"There are more then two of me"

What is your function?

(his name is) "Oxonate" (Ox-on-ate)

His function is to move the air through the water

Oxonate, we seek a vision of the Ayr RII, can you facilitate us in this?

I am seeing a long-haired child, running through a field of wheat, 8 or 9 years of age

Now what?

I see a ghostly figure of a man, that was sitting, but stood up, bald , (the man is) kind of a shadow

He is pointing off the right a little bit down the pathway or road

I am going down the pathway.

I have come to a big castle, with a huge black, wooden (and) metal door, with a lot of mechanical operations on it (like the inside of a watch or safe door)

It swung down

I seem to be floating on a water-way, of black water, there are skeletons off to the sides.

What is the waterway called? Do you know?

Oxnunyn (Ox-noon-yen)

Are you still at that castle or near that castle?

The waterway is within its walls

Are (you) within its walls now?

It is the "Waters of Virtue"

The Waters of Virtue?

It doesn't really specify what virtue

Do you know the name of the castle?

I am seeing a figure of a man, sitting in a throne, kind of a crown floating above his head

It is all kind of a dark, dank scene

He has long hair and a beard, (he is) all scruffy

Can you introduce yourself to him?

I asked for an audience

"Enter"

I do so

"What is it you will have of me?"

We seek a vision of RII, can you help us in this regard, King or Lord?

"You are" (as in you are all ready here)

Mighty lord can we have your name?

R-T-N-E-N (Artenen)

Are you the lord of this castle?

"I am that"

"there is darkness within"

Could you explain that?

I asked why is darkness within?

He does not answer

Could he explain it further, clarify what he means by it?

"There are no ways to describe what lies within"

Mighty Lord, upon our arrival, we have seen many images, what would be associated with death, is there a lesson to be learned from this?

"Death" (he says this with a grin on his face)

He said that reflectively? Or is he just stating it?

Kind of reflectively with a big grin on his face

Are you the Lord of this domain?

"I am"

What is your function?

“I am the keeper of the dead. This castle is the home of the dead. And all virtues of men, that they had (well alive) flow from it (the castle)”

We thank you for the hospitality you have shown us, perhaps there is more you could teach us?

“You must ride the river west and look for a hill, there you will find a guide”

Thank you, we will take our leave.

On the river, on a boat heading down the river

Floating through the castle, there is the castle wall, there is an opening, and the river is out. There is a field on each side, there are steep banks,

Looking at the water, it is a black colored water

Floated by a cliff face that had buildings carved into it, with big pillars

(The river) seems to be at the bottom of a valley, coming out to a big pond (lake) like area

I am (floating on the boat) through a heavily wooded area.

Now, where are we?

Still on the river, it has come to a big, still pool of water

Alligator in the water

Do you see the hill yet?

That is what I am looking for

The river splits in two, the right hand path... let me see if I can get out of this boat

Now I am above the river, flying, looking down

Seems to be a hill, in the forest, that is all cleared (of trees)

Are you at the hill?

Trying to get there

Where is the guide?

I think we are back to that first guy

Which guy?

The guy that doesn't (come into) focus very well, has multiple images

Is he our guide?

He doesn't respond

What was the King's name?

Artenen

The Lord who presides in the castle over the dead, has commanded us to come to this hill where we will find a guide to the Ayr, we found you here, we met you before, I am to presume you are our guide?

“There is no Ayr here”

What is there here then?

“Those that seek the Ayr will not find it here”

Can you take us to where we will find the Ayr?

I am back by the river,

Back by the river?

That is where I appear to be.

This vision does not appear to be going anywhere fast.

More images of statues of women

I appear to be in the rubble of an old building with more images of death, skulls in the wall,

By the power invested in me by Ikzhikal, great and holy King of knowledge of the watchtower of Earth, by the governors of Vastrim, Odraxti, and Gmotziam, we beseech upon all of you, grant us a guide and open the mysteries of this Ayr, and fill us with undefiled knowledge.

I appear to be floating over a gorge, water flowing through the middle of it

Now what do you see?

There is like a big wall of fog that rolled in and I think it (the fog) is that same original guy that had asked “what will you have of me?”

(We will) have you open the mysteries of this creation, and make us partakers of undefiled knowledge of the Ayr RII. Grant my seer a vision.

What is happening?

Much of the same, I am inclined to call it a night.

It doesn't appear like we are getting or going anywhere very well.

I want you to return back to the physical space of this temple, you are sitting on a brown chair, with green pads, You can feel the air from the air conditioner blowing in on us. You are sitting in the North-Eastern corner of the temple.

I call to the spirits and essences of RII and send you back to your place, that there be peace between us and you, and that you honor the obedience and reverence that behold the twelve mystical names of God, and vanish from us and our sight as is our will. Hail and Farewell
