10:26 p.m. PDT <46:29>

## **ZIP, ZIP...**

I am in Space once again, <I am still settling into the vision>

I appear to be (really) close to the Sun, I see an image in front of me, it almost looks like waves of liquid energy washing over the image, the dark image in front of me, swallowing it within it,

I am looking down a shaft, it is oblong shape with rounded sides/ends, I looked through it (like a doorway) and there appeared an image of a guy with a tall forehead, moving as if he is in a wheel chair,

### **What is your name?**

It is as if he drove his wheel chair past me, from my left to in front of me, then I turned and he went from my left to my right, and he is gone,

The doorway he came out of was all lit up with light, and it disappeared in the distance once he came out, as if he and I were traveling at high speeds (away from the door) or as if the door moved back at high speeds.

I see a door or a wall with light coming (from) underneath it, there are two figures running in front of it, it is dark, as they ran by (they looked like) a father and a daughter of 15 or so,

**ZIP, ZIP...**

I am in Space, I see a whirlpool and then a single ring came up out of it, something spinning around it, almost as if it was a flower, now I am seeing grass, looking up at a daisy, my size is (now) very small like an ant, the grass is towering above me, as I walk on the ground, it is shaded by the dense grass <laughs> it seems as if from the left hand side, a darkness is pushing through the vision

<I made a pentagram of light and pushed the darkness back off to the left hand side>

It is pushing back

**Choronzon, where are you? Show yourself.**

I see something coming at me, it is like a large tube, on top of it would be a mix between like a frog and a cat type of animal that now turns very scorpion-like

**Choronzon, what do you want?**

“To devour you”

**As discussed, you have determined that you cannot devour me, is that correct?**

“No”

**Our last two instances that we have met, you have tried to devour me, and yet you could not, and you know the reason why. Tell me the reason why!**

“You are not of the right light”

**Correct, so why do you come here? Why do you pull me back to this place, to try and devour me, when I am not the right light?**

He doesn't answer then says “No”

**Choronzon, do you have a message for me?**

“Yes”

**What is your message?**

“You must be devoured”

**Choronzon, you will be gone! You will leave my visions alone, or I will punish you!**

“Yes”

**I will cut off your head and banish you from this area, YOU WILL LEAVE MY VISIONS NOW!**

<He appears to be gone>

I see something lit up with lights, it has a star on top, similar to a step pyramid, possible like a Christmas tree,

I see a person in a bed, they stretch with their arms above their head, the figure is bulky and undefined,

I am back in Space again, I looking over a planet, it turns into something smaller and then back into a planet again, I am rotating above it, (I see the planet) above me and then to my left hand side, in front of me, the right hand side, and then above me again,

I look down and see a figure, an odd looking figure, possible like a man, he has something over his mouth and nose, his ears are elongated, black, bald head, dressed in black,

**What is your name? Is your name Choronzon?**

“Yes”

**Choronzon, leave me the fuck alone, buddy.**

**Where are you at?**

I am in Space, there is something large and undefined coming at me, it almost has the face of a hippo or even that of a beagle puppy, it appears kind of happy,

**Choronzon, show yourself to me.**

<I withdraw my black sword, the sword I receive in an earlier vision that can cut through anything>

[calling] **Choronzon...**

I see a mist moving through (Space), it is very undefined, kind of almost like a face, almost like a grasshopper, it turned into a long necked dragon, an American type dragon (as seen in movies)

[quietly] **Choronzon, come a little closer, I have to cut your head off...**

**Are you there Choronzon?**

“Yes”

**Why do you persist on coming after me?**

“To devour”

**And why is it that you insist that you must devour me?**

**Be Specific in your answer! Tell me why you insist on pulling me back here and devouring me?!**

“You carry the light that cannot be eaten”

“You must not go on”

“You must be prepared, to travel on” [*to be prepared by being devoured*]

“You must be devoured”

I see an image of a wagon wheel spinning around, on a large post, it is a rather large structure, out of the top came something, now it is appearing eel like

**Choronzon?...**

**I tire of this game, Choronzon. You feel the need to devour, yet you cannot devour me. But you have this urge too, so you keep pulling me back to this place, this Abysmal place. I do not wish to be here anymore, I wish you to leave and depart. I DO NOT WISH TO SEE YOU!**

**ZIP, ZIP, ZIP!, ZIP...**

I see a square tunnel that I am coming backwards out of, it feels as if I am coming out of the Abyss, as far as, the energy pulling back at me (as I travel out through the tunnel)

**ZIP...**

I see an energy (ball) of light unfold beneath me, it is almost as if it is a city that unfolds, the buildings are small as if I am very high up (above them), I descend down, I see a shoreline, there are like round- river rocks along it, I float back, I am now above the water, maybe 15 to 20 feet, I look down at the water, it now appears black, it almost appears as if there is a crack in the water, something shiny in the water, it is like a pointed peak, like two sides of a pointed triangle, and then on the top of that is a line (of light) that comes out, I look down and it appears that I am now underwater, I see a figure swimming at me, humanoid in shape, perhaps with a tail

**What is your name?**

“It is Dar-Za-Frall”

**Is your name Dar-Za-Frall?**

“Yes”

**Dar-Za-Frall, do you reside within the 9<sup>th</sup> Aethyr of ZIP?**

“Yes”

**What are your attributes here within this 9<sup>th</sup> Aethyr of ZIP?**

“It is of the water”

I saw an image of a large stone carving being pushed forward into a square opening, (I am now) moving through a corridor with a carved stone support or ceiling, the carving were almost Egyptian in style, almost Indian [India] looking, I see a small tall table that has a crown upon it, a crown made of gold and jewels with a red velvet hat within it, I saw something spinning, that looked like leaves of a palm tree all put together to make some sort of bed in the middle, it was glowing, it almost appeared as if there was a pathway going up, then is spun around and disappeared or got blurry into the darkness of Space, I look and see a skull, possibly a person sitting on a throne, they have a lush robe on with fur around the neck, the right arm is sitting up on the throne, I am looking (around), there appeared two guards off to the right, there was a doorway or entry way or hallway, and there is something pushing its way in, it looks pebbles or coffee beans, or something, as they push their way in a flow down, like water flowing,

I am now walking around in a building with many pillars, it is almost as if the whole vision is shaking, almost like it is shaking to the rhythm of a large drum or something, I saw two or three people dressed up in costume, as I looked behind them, there was a crowd of people, one of them looked like they had a llama head on top of their body, as in a costume, I look up and see a large statue, glowing, looks like a statue

**What is your name? Speak clearly that I might hear you. What is your name?**

“I am On-Tor-Ra”

**Your name is On-Tor-Ra, is that correct?**

“Yes”

**What are your attributes here within this Aethyr of ZIP?**

“I am he that sitteth and shineth forever”

**So, it is your job to sit and shine forever. What is the purpose of this?**

“I carry the Light of God that is within man”

<There is a double meaning to the word “carry”, it is “I am” or “I carry”>

**Is your being made up of this light, this Light of God?**

He is hesitating to answer, it is as if there is something pushing back, not allowing me to hear his (words)

**This body of yours that glows, is it made of the Light of God? Answer me clearly!**

“Yes”

**So your entire being is made up of the Light of God?**

“Yes”

**Your job is to sit here and shineth, as you are carrying the Light of God that is within man, is that correct?**

“Yes”

**Man carries his own Light of God within himself. So do I ask, do you carry the Light of God from man that has died or is of yet unborn?**

“No”

**Do you carry the light of men that have manifested their being on (the) Earthly realm?**

“No”

**Please explain further, I do not understand. You say you carry the Light of God for man within you. How does that relate to man?**

“I carry the Light of God within me for man”

“Man carries the Light of God within <himself>”

“Man may never hold the true Light of God that I carry”

“The Light that I carry is not of the Earthly realm”

**So, you carry the Light of God within you, for man, but this Light of God is not to be carried upon the Earthly realm.**

“Yes”

**And when man leaves this Earthly realm, do you give him his own Light of God, the one that you carry? Answer me so that I might hear you clearly.**

“Yes”

**As you hand out or share the Light of God with man, that you carry, does that deplete the Light of God that you have, or do you receive more of this energy? Speak clearly that I might hear you.**

“It does not deplete as the Light of God is everlasting”

**So, since you are a being of this Light of God, is it a true statement that you give of yourself to man after he has left the Earthly Realm, the Light of God?**

“Yes”

**To what purpose does this Light of God help man?**

“It allows them to enter into the Shrine of God”

**Would man not be able to enter into this Shrine of God without your assistance, without the divine Light that you have?**

“No”

**Since you are a being of this divine light, this Light of God, this everlasting light that cannot be depleted, does that make you, yourself, God?**

“Yes”

**Is there another God that creates this Light?**

“Yes”

**Is this other God greater then yourself or of more importance, more power?**

“Yes”

**So, you are simply the conduit that this greater God uses to ensure man has the ability to pass into the Shrine of God, upon leaving the Earthly realm?**

“Yes”

**Very well then, this Light of God that you posses, it is only for man who have past form the Earthly realm?**

“Yes”

**Can it be given to man that has traveled here from the Earthly realm, but still has an Earthly body?**

“No”

**Can you give me this divine Light of God?**

“No”

**Do you have any other attributes here within this Aethyr?**

“Yes”

**Could you please tell me what those attributes are?**

**Speak clearly that I might hear you.**

“I am one that is the All, with those that come here”

**Does that reference those men that have left the Earthly realm?**

“Yes”

**Because you carry the Light of Man, you are one with all of mankind, that have left the Earthly realm? Answer me.**

[no answer]

**Are there men that leave the Earthly realm that are not deemed fit to carry the divine Light of God that you possess, and are not allowed into the Shrine of God?**

“Yes”

**What happens to these men, since they do not receive the divine Light of God that you have, and they are not able to enter into the Shrine of God? Where do these men go? What happens to them?**

”They are devoured by the one you know”

“They are devoured by Choronzon”

**So, those men that leave the Earthly realm, are (they) deemed worthy by you? (And then) are allowed to share with your Divine Light and enter the Shrine of God?**

He does not answer

**Is it your job to judge whether or not men can receive this Divine Light?**

“No”

**Whose job is it to decide that man can receive the Divine Light that you have, and be allowed into the Shrine of God?**

He says “It is...”

And then it is as if another angel entity showed up and says “behold, I am An-Na-Qua-Ta”

**An-Na-Qua-Ta, show yourself to me.**

I see an image of a small person sitting on a stone, then it appeared to be pushed backwards, and I see a large eye

**An-Na-Qua-Ta, show yourself to me so that I might see you properly**

<Oh...> I see a large alligator

**An-Na-Qua-Ta, is your name also Choronzon?**

“No”

**Speak the Truth! Is your name also Choronzon?**

“No”

**It has been said to me that you are the one that judges if man deserves the Light of God that will allow him into the Shrine of God. Is that correct?**

“Yes”

**What do you base your determination on? What is your criteria for man, that he may receive the Divine Light?**

“Man must be of the proper way”

**Could you please explain further by what you mean that man must be of the proper way?**

“Man must be known as ‘he who is one with the Light’”

“He must be one with the Light”

**Those men that come here, that are not one with the Light, and you judge that they are not worthy to receive the Divine Light, where do those (men) go?**

“They go to Choronzon to be devoured”

**Is there anything more that you could tell me about the attributes that you have?**

I see an image of a cross with a crucified man upon it, possibly a Jesus image, and it turns into a metal cross with a crucified person upon it, then (there is) another cross and there is a figure on it the looks up, it is rather misshapen and goulish,

**ZIP, ZIP, ZIP,**

Upon saying that, there was a flash of glowing light from my right that has enveloped in front of me, it is as if I am washing my hands in a dish, my body, as well as my arms and hands and the dish are glowing bright gold light,

I see images flash before my eyes, like a field with naked people, women, running through the field with a forest around it, that image (of women) has changed to that of deer, images are jumping around, so...

**At this time I will bring myself back into my body**

I am back

License to Depart
