Incense: Kythi

To the right: Sketch of the image seen within the Scrying Crystal by the Scribe before the description of ADAN was given by the Scriber.

Scriber: Standing on a hill over the water (ocean), stands a dwarf-like figure. The grass on the hill is knee high. His ears appears pointed on the ends and his skin is dark. He has long hair with a hawk feather stuck in it. The color of his eyes appears to constantly change. He is dressed in leather pants, tunic and cape. (The leather is of unknown skin)

Are you ADAN?

(He holds up his right hand and on it is a signet ring that has a green stone in it.)

Scriber: not Emerald, maybe of Jade?

Speak! Are you ADAN?

(No Response.)

By the Seals... I command you to speak!

(He bows and says) "I will speak if you need me to."

Are you ADAN?

"Yes"

Is it your ability to find treasure?

"Yes, but your concept of treasure is different then mine."

Of gold and Jewels?

"No"

You are able to find things of earthly value?

"Yes, What is it you wish?"

Can you find finances for [our Temple], to find treasure that is within our reach?

(laughing) "Yes"

Show the Scryer!

(laughing) "Look into the Hearts and Minds of the people [*Temple members*] that surround you."

Scryer was shown a group of people that were willing to stand up for the [Temple], but just needed to be asked to.

"Support for the banner of Thelema is stronger than you realize, ask for it!"

"Treasure is in the heads [*minds*] of the people."

Is there Treasure?

Scryer was shown business's and corporations taking all.

"There is nothing left, everything has been utilized."

Is there Gold that can be forged [from] Iron?

"Iron is in the Will of the people, Gold can be found in their hearts."

By the Seals... What is your purpose if all has been utilized?

"Everything has been taken."

Is there any treasure that can be transmuted to our [*the Temple's*] benefit?

Scryer was shown people's faces, and then stones within a river.

Scryer picked up on thoughts from ADAN that "intellect and creativity were the treasure we were looking for".

(ADAN looking board, turned to leave and walked three steps.)

You will not depart until given permission!...

(ADAN turned around and walked back to where he was before.)

Where is the Treasure?

"Gone! Look around you. You humans have [*consumed it all*]. There is no treasure to find on land."

"All of the treasure that could be found now lies on the bottom of the ocean."

Scryer was shown images under the water.

How may the wills of the [Temple] members be transmuted [*to accomplish*] the goal of a 24/7 [Temple Space]?

"Ask members of the [Group] and it will be done."

"The Will of the members is strong."

"You [*Frater A.*] must be strong and firm!"

Scryer was shown [Temple] members that appeared to have diamonds glowing in their heads.

"You must have balance and creativity in the [Temple], which will support the growth of finances."

"There is enough intellect [*within the group*] to support the [Temple] as it stands."

Scryer indicates that this [support] is not ready right now, but will be in the near future.

What are the steps to achieving this?

Scryer was shown images of meetings, and then was shown the image of a "[Temple] Tree".

It appeared to have lights within it (like of a star field). It was an oak tree with acorns throughout the branches.

What is the meaning of this?

"It is a token of what you need to do."

Scryer was shown an acorn growing into a large oak tree.

(ADAN threw a stone on the ground and a large pyramid grew from it.)

"You all ready have the stone. The stone is the people."

Is there a specific member [*that can help us achieve our goal*]?

"YOU!" [*Frater A.*]

Scryer was shown Frater A. riding a horse with a sword in his hand.

I need a horse?

"Ride your Will instead of a horse."

Can you be more specific? Hint at a direction?

Scryer was shown groups of [Temple] members at various locations looking at empty spaces [buildings].

Actually go look for it?

(laughing) "That's how you find treasure!"

What do we need to do to get the space?

(ADAN was now holding a flag with a pyramid on it.)

"You must have an idea before leading others."

"You must have the idea and communicate it to the others before they will move [*in that direction*]."

Scryer was shown the interior of a Pyramid with an Oak tree growing inside of it.

The Oak tree was growing out of sand.

(ADAN becomes impatient and wings appear to grow from his back.)

You may Depart...

(ADAN touches his hawk feather to the ground and then flies out over the ocean.)

Scryer see's the image of the Oak tree shrinking back into an acorn and is left alone on the hill top under the night sky filled with stars.
